NELSON CLOCKS

Playful, colorful, fresh. Designed in the 1950s, George Nelson's clocks were highly successful both as popular consumer products and icons of high design. One of the most original American designers, Nelson used pure color and bold graphic forms to make a statement still as compelling today as half a century ago. Reproduced by the Vitra Design Museum, Batteries (included) are AA.

CARGO BAG

LEATHER FLAP	FABRIC WEAVE FLAP
Smoke	Red
Red	Blue
Black	Taupe

Relaxed and durable, these bags by Waterfield Design use ballistic nylon, industrial hardware and indium weave or leather. The distinctive aircraft buckle allows easy access to the bag's roomy compartments. Exclusive to Design Within Reach.
